

To play as a Geko Folk, use the existing race for Lizardfolk from Volo's Guide to Monsters, except replace the **Hungry Jaws** feature with the following:

Leafy Exterior

When in foliage (including understory, prairie grass, bushy terrain), you can take a full round (action, bonus action, and move) action to hide. When you hide in this way, roll a stealth check, but treat a roll of 1-9 as a 10.
